

# AIRSTILE2

## Technical Specification

### Principal features:

- active IR (scattered light) technology
- wall or ceiling mountable
- mounting height between 2.35 and 5m
- discrete footprint, available in black or white
- bidirectional counting
- homogeneous field of view with multiple detectors
- tolerant of hinged doors, visitor dwell, non-linear trajectories and U-turners
- length of stay measurement
- easy to install above passageways
- powered by PoE, single cable installation
- works in low light or and complete darkness
- no radio or optical technology
- indoor use only
- statistics, analytics and backup via cloud

### General Information

Brand TGM Tech  
Model AirStile2

### Technical Specification

Form factor	Integrated unit
Use	Indoor
Category of product	People counter
Network interface	RJ45 socket
WiFi	No
Colour	Black or white
Autonomous	Yes
Night vision	Yes
Detector type	CMOS
Depth resolution	640x480 (VGA)
Dimensions	180x70x35mm
Weight	300g
Power supply	PoE (Power over Ethernet), 803.2af
Power consumption	6W
